

# Eicher launches Pro 6000 series – Next Generation Heavy-Duty Trucks

Bay News Network

Visakhapatnam, 7/23

VE Commercial Vehicles Limited (VECV) announced the launch and availability of Eicher Pro 6000 series, the next generation heavy duty trucks in Andhra Pradesh with a customer experience event in Vijayawada. The event will see the presence of financiers and customers over a 4-day period.

The new range of Eicher Pro 6031 (31TGVW 8X2), Eicher Pro 6025 (25TGVW6x2) haulage trucks and Eicher Pro 6025T (25T GVV6X4) tipper that combines cutting-edge technology with design, marks the entry of Eicher brand into a new phase of growth and consolidation in the heavy-duty commercial vehicle market.

The Eicher Pro 6000 Series representing 'The future of Indian trucking' has been developed and manufactured as a result of the synergistic working between the Volvo Group and Eicher.

Launching the all-new Eicher Pro 6000 Series in Andhra Pradesh, P Ravishankar, Executive Vice President Sales, Marketing & Aftermarket, VE Commercial Vehicles said, "The Eicher Pro 6000 Series marks yet another milestone in journey of Eicher Trucks and Buses, to becoming a strong player in the commercial vehicle industry, especially in the heavy duty segment. HD is the largest and fastest growing category which obviously makes it the most important segment in our product portfolio. Moreover, the Andhra Pradesh market is very crucial for the commer-

cial vehicle industry and will contribute to the over-all growth plans of VECV."

He added, "The Eicher Pro 6000 Series is the range of next-generation heavy duty trucks that go beyond high

reliability, performance and productivity. The vital combination of Volvo Group's world-class technology and frugal cost expertise and management of Eicher has created a range that will set new benchmarks to deliver - Best-in-class Fuel Efficiency, Superior Productivity and Enhanced Driver Efficiency."

## EICHER PRO 6000 SERIES –

The all-new range of Eicher Pro 6000 series has been developed keeping customers as central to the product development process and the learnings from the customers in real world conditions. The Eicher Pro 6000 Series of trucks will meet the needs of most market segments across haulage, distribution, construction, industrial loads, courier and perishables. With a completely

new Pegasus-based front styling, the new range of vehicles is a quantum leap in each aspect, from exterior design to engine technology and cabin features. Eicher Pro 6000 Series of trucks

are geared to revolutionize the levels of productivity in the heavy-duty trucking industry, with the infusion of international engine technology and cabin design from the Volvo Group, together with the intelligent features and enhanced support services.

Eicher Pro 6000 Series has the VEDX5 and VEDX8 engines, designed in collaboration with the Volvo Group. Volvo Group's new generation Engine Management System (EMS 3.0) manages high efficiency running of the VEDX 5 engine.

The Pro 6000 Series comes with telematics (Eicher Live), fuel coaching, and cruise control.

It is also equipped with advanced on board diagnostics systems, which enables proactive maintenance of the truck. The system throws up

fault indicators to the driver in the form of visual signals, messages and alarms. Together with the fully equipped Eicher service network, this ensures preventive and corrective mainte-

nance of the truck, thus delivering superior uptime.

The ultramodern truck cabin is ergonomically designed with state-of-the-art features for comfortable driving and higher driver efficiency. The spacious sleeper cabin has been smartly designed to provide a relaxed yet efficient workspace for the driver.

The Eicher Pro 6000 heavy-duty trucks and tippers promise maximum lifetime profitability by delivering class leading fuel efficiency, superior productivity and high driver efficiency.

## About VECV

VE Commercial Vehicles Limited (VECV) is a 50-50 joint venture between the Volvo Group and Eicher Motors Limited. In operation since July 2008, the company includes the complete range of Eicher branded

trucks and buses, VE Powertrain, Eicher's components and engineering design services businesses, the sales and distribution business of Volvo Trucks as well as aftermarket support to Volvo Buses in India. VECV's vision is to be recognized as the industry leader driving modernization in commercial transportation in India and the developing world.
